However, the illusion of the Lands Between is formed by an enormous barrier that divides the lands. Then, as if a part of the barrier has broken through, a gap appears. Well... a door. That's right! You can now directly enter the Lands Between! In addition, as a gauge of the state of this door, a light gate will appear on the location where the door is. When you're standing in front of the light gate, if you click, the door will open and you'll be able to walk into the Lands Between. But... Of course, the Lands Between may conceal the threat of a monster... If that's the case, you won't be able to enter until you defeat it. Be careful! Click on the door to enter the Lands Between.
