## **Tom Clancy's Ghost Recon: Wildlands [v.1.6.0 ALL DLCs] DRM Free**

Tom Clancy's Ghost Recon Wildlands is a open-world action-adventure video game developed by Ubisoft Montreal and published by Ubisoft. It was released for Microsoft Windows, PlayStation 4, Xbox One, Wii U and Nintendo Switch, and features co-operative gameplay. The Wii U version supports local multiplayer and the Nintendo Switch version supports local multiplayer in ad hoc mode. The game was released in the United States on January 7, 2017. Its gameplay is an open-world action-adventure video game set in the Mexican state of Sonora, a fictional analog to modern-day Mexico. It is set in a time shortly after the Mexican-American War, and players assume the role of a "Ghost", an operative who is part of the United States' paramilitary force charged with carrying out deep-cover missions in Mexico to target the Mexican cartels. The game's campaign mode takes place between 2012 and 2018 and the player's objective is to stop the illegal drug trade and take down the warlords and the cartels. Plot Tom Clancy's Ghost Recon Wildlands takes place shortly after the Mexican-American War. The conflict between the Mexican government and the Mexican drug cartels has reached a stalemate, while the United States paramilitary force remains active in Mexico conducting covert operations. The game's protagonist, Nick Sears, is the lead agent of the new GIGN unit. The GIGN operations are to clear the drug cartels out of the country and bring down the bosses. The main protagonist is Nick Sears, a 37-year-old American-born former US Army Ranger, who since the age of 12 has been raised and trained in the same military family and is the grandson of Navy SEAL Robert Gabriel, who played a key role in the assassination of the drug lord El Chapo Guzmán in 2016. In the game, Sears is sent to Sonora, Mexico, to take down the drug cartel bosses. The game starts when Sears' team is sent in to investigate a large meth lab site, and they find themselves under attack by a "New Brotherhood" gang leader named Marcos Castillo, who is bent on killing the cartel bosses and eliminating the government. Sears and his team are able to escape and find a safe haven in a town called San Francisco de los Huitron. While investigating the meth lab site, Sears discovers an in-game map of the border area between Mexico and the US, which indicates that there is a stash of chemical weapon ingredients in the region. Sears and his team
